

FAMILY PARTNERSHIP FUNDRAISING PROGRAM

2016

Overview

The Family Partnership Program is a unique opportunity for the Girl Scout families and their communities to help Girl Scouts in the Heart of Pennsylvania (GSHPA) raise money in support of in-need Girl Scouts.

Last year GSHPA awarded more than \$175,000 in financial assistance to girls across our region.

100% of the funds raised through Family Partnership are used to help girls through financial assistance.

In addition to helping girls, each Girl Scout Community can raise significant funds for their own use as part of Family Partnership.

When adults think of Girl Scouts, we often remember the troop program that we, our friends, sisters, mothers or cousins were a part of – and, almost as frequently, fondly recall a song, a camping trip or a special badge earned. All of these things remain a part of today's Girl Scouts, yet the Girl Scout experience across our region encompasses so much more. Girls have the opportunity to participate in outreach programs, special events, workshops, camp and online opportunities, girls learn valuable skills to help them build self-esteem and leadership qualities.

Girl Scouts in the Heart of Pennsylvania is committed to the belief that all girls, regardless of their socio-economic status, race, ethnicity, sexual orientation, disability and/or religion, should be able to benefit from the opportunities of the Girl Scouts and that no girl should be excluded due to financial need.

GSHPA's financial assistance extends to every aspect of Girl Scouting, including membership dues, books, activities, and camp fees. Keeping the experiences and benefits of Girl Scouts open to all girls is as much a part of the

Girl Scout tradition as is camping and creating new opportunities for all girls of all backgrounds.

Thanks to financial assistance, girls with limited financial resources are able to participate in the wide array of confidence and leadership skills building experiences that Girl Scouts offers.
