

Girl Scout
Daisies

Friendly & Helpful

Activity - Creating Jared Boxes

Step 1

Explain what Jared Boxes are

Jared's Story

Talk to the girls and explain to them how Jared Boxes got started. Why are we making boxes today? How does this connect to being friendly and helpful?

Step 2

Gather materials to make Jared Boxes

Sorting

Leaders should print out labels and notecards from the Jared Box website prior. Spread out all of the toys and labels across a table. Organize them by type. Have the girls help and practice their sorting by type skills.

Step 3

Show the girls how to make Jared Boxes

How To

Show the girls live how to make a Jared Box, or use videos located on the Jared Box website, or the video that came with these lesson plans.

Step 4 Make the boxes

Implementation

Have the girls work in small groups of 1-2 people with an adult helper. Fill the shoe box sized plastic container with toys.

Step 5 Reflect & Connect

Completion

Talk to the girls about what they just did and how this connects to the story of Sunny. Take a picture of the girls with the boxes to commemorate their hard work and send it to info@thejaredbox.com.

Now that I've earned this petal, I can give service by:

- Making more Jared Boxes at home
- Showing respect and being nice to everyone I see
- Collecting donations for The Jared Box Project
